NOTE.

MAY 23 1936 This list is prepared from the United States and Confederate Navy Registers, reports of officers, records of the Secretary's Office, and miscellaneous papers.

The items concerning each officer have been taken from the above authentic records, placed upon cards, and, to insure their preservation, are now put in print.

Confederate data of all kinds are meager, and in order that the Naval War Records now being published may be complete, it is desirable that all contemporaneous Confederate records relating thereto be furnished to this office for examination.

It is desired that any errors or omissions which may be noticed in this Register should be brought to the attention of the Superintendent of Naval War Records, in order that, as far as possible, they may be corrected.
